

Allotment Competition

The growth of organic farming and the greater awareness of food production have led to a big increase in number of Parishioners cultivating our allotments.

Our annual competition has been running for a number of years and is very keenly contested. To ensure that the Parish Council's competition was still relevant and tested the allotments of 'today', a revised criteria has been agreed. Please see below the areas which are now reviewed when marking the competition.

HUGHENDEN PARISH COUNCIL

ALLOTMENT COMPETITION
